

## Keeping safe at The Bridge

### **We are open again!**

We are looking forward to welcoming you for face to face appointments at the Bridge Foundation.

Here are a few things you might want to know about before you come to the building, to help keep everyone safe.

### **Arriving:**

- You may be asked to come at a different time to the time you came before or saw your therapist online.
- There won't be a waiting area for a while
  - Please don't come to the building if you're feeling ill ! Let your parents / carers know, so they can decide if it's safe to come or not.
  - Please wash your hands when you arrive

### **In the therapy room:**

- If you came before, you might be in a different room – we are only using our biggest rooms
- Your therapist will show you where to sit - you will be asked to stay 2 metres apart
- Your chair will have a cover on it that you will sit on every time you come
- You will have your own box of toys, we can't use any of the shared toys at the moment
- Your therapist will help you find ways of playing together without sharing the same toys as each other
- If you cough or sneeze, use a tissue! There will be hand gel to keep your hands clean.

Please ask an adult if you have more questions about coming back 😊
